**CINDY (OILAR) HARMON** will soon be opening a law office in Flora.

A recent graduate of Valparaiso University School of Law, she has passed the Indiana Bar Exam. She will be sworn in on Oct. 20 and receive her license to practice law as of that date.

Harmon said her goal is to be open by the first week of November in the Flora Professional Building at 103 S. Howard St. Her practice will specialize in civil law - "anything that is not criminal."

She is especially interested in family law and that includes divorces, custody issues, support and guardianships.

Her thesis her senior year was on elder law, an area that she wants to pursue. Elder law includes helping people choose the right nursing home, preparing long-term for health care needs, and Social Security issues.

"I love working with the law and helping people," said Harmon.

Last year while a student at Valparaiso University, she worked in the Civil Law Clinic and gained courtroom experience.

Harmon said she will be working by herself to start her practice, but plans to eventually hire a paralegal and/or secretary. Harmon can be reached at 574-967-4333.

Lamar Sensenig has moved his family to Carroll County from Pennsylvania and has opened **OAK LANE STRUCTURES**, a mini storage barn business. The custom-made barns are on display on SR 75, just north of that road's intersection with SR 18 in Flora.

The vinyl sided, maintenance free structures are built to order. One of his structures is a 10x12 log cabin that can be made into a playhouse.

A 10-percent off sale is being offered throughout October. Sensenig plans to be on site in October Wednesday through Saturday from 8 a.m. to 6 p.m. to answer questions. If he is not there, he can be reached at 765-437-0511 or 765-566-2702 and if at all practical, he will be there within 10 to 15 minutes.
