

## Business Briefs

**HEATHER DUNK** has joined the staff at Helms Lawn Specialist Inc. as a landscape designer. With her help, the company now offers custom garden designs to the surrounding area.

The business added the services of Pleasure Ponds for design, installation and maintenance of ponds and pondless waterfalls. Helms will carry pond supplies and plans to add plants and fish to its inventory.

Owners **JIM AND BILLIE HELMS** completed training and certification to offer ponds through the company.

**LOGANSPORT MEMORIAL HOSPITAL** has received a \$48,500 grant from the Department of Health and Human Services Health Resources and Services Administration (HRSA) for the continuation of the Small Health Care Provider Quality Improvement initiative started in 2006.

The purpose of the Patient Registry Program is to improve the health outcomes of chronic disease patients that the hospital and associated primary care providers serve. Patients' participation in personal disease management increases, and pa-

tient outcomes improve.

Through the Patient Registry Program, patients with diabetes and cardiovascular disease are more closely monitored and educated about their chronic disease.

"The risk of developing complications and the severity of those complications is decreased by effective metabolic control, regular examinations and patient education," explained Vicki Byrd, Vice President of Planning and Development at Logansport Memorial Hospital. "These processes help to reduce the death rate for patients with diabetes and cardiovascular disease."

## Police & Fire Calls

Police reports are gathered from available records on file at local police departments. This information is a matter of public record and does not imply guilt or innocence. Information for fire reports is also gathered from reports on file with local fire departments.
