Explanation of School Corporation (District) Data (see chart I)

The following indicators show you the performance of your school corporation. Where possible, you will see three years of data so you can see the trends — not just this year's results. For many indicators, you can see how your school corporation's data compare to the state average.

- A Number of students enrolled in the corporation or school.
- B How much the school corporation is spending, on average, for each student.
- C Percentage of total spending for Academic Achievement.
- D Percentage of total spending for Instructional Support.
- E Percentage of total spending for Overhead and Operational.
- F Percentage of total spending for Nonoperating.
- G Beginning salary for teachers in the corporation. (Bachelors – no experience)
- H Maximum salary for teachers in the corporation. (Masters +30 – maximum experience)
- I The percentage of students in the school corporation who are receiving special education services.
- J The percentage of students in the school corporation who are enrolled in gifted and talented education.
- K Percentage of total instructional hours delivered through vocational education classes.
- L The percentage of students who receive free or reduced-price lunches or free textbooks because of their family income level.
- M Students whose inability to speak and understand English prevents them from participating fully in a standard educational program.
- N The number of dollars the school corporation receives for remedial programs through a state ISTEP+ formula.
- O The percentage of students who moved from one school to another in the same school corporation.
- P The percentage of students who moved from one school to another in a different school corporation.

Explanation of School Data (see chart II)

The following indicators show you the performance, particularly the academic performance, of the individual schools in each school corporation in your area. Many of the indicators came from the ISTEP+. Where possible, you will see three years of data so you can see the trends — not just this year's results. For many indicators, you can see how a school's data compare to the state average.

- 1 The percentage of 9th graders who passed the mathematics portion of the ISTEP+.
- 2 The percentage of 9th graders who passed the English/language arts portion of the ISTEP+.
- 3 The percentage of 10th graders who passed the mathematics portion of the GQE on the first attempt.
- 4 The percentage of 10th graders who passed the English/language arts portion of the GQE on the first attempt.
- 5 The percentage of 10th graders who passed both portions of the GQE on the first attempt.
- 6 The percent of graduates who have passed Indiana's GQE are students granted diplomas who completed all of their courses and passed the GQE test. The percent of graduates granted waivers are students granted diplomas who completed all of their courses and were granted a waiver by their school.
- 7 The percentage of 11th and 12th graders who took the Advanced Placement examinations.
- 8 The percentage of Advanced Placement examinations with a score of at least 3 (on a 5point scale).
- 9 The average score high school seniors received on the SAT. The highest possible score is 1600.
- 10 The percentage of high school seniors who took the SAT.
- 11 The percentage of high school seniors who received Academic Honors Diplomas when they graduated.
- 12 The percentage of high school seniors who received diplomas indicating they had completed Core 40 requirements, but did not complete academic honors.
- 13 The number of students who received International Baccalaureate Diplomas when they graduated.
- 14 The percentage of high school graduates who say they plan to pursue a college education.
- 15 The published graduation rate is the percentage of students who entered Grade 9 in fall 2003 and graduated in four years or less. This is the first publication of this method of calculating the graduation rate.
- 16 The average attendance rate for students in the school.
- 17 Number of students with more than 10 unexcused days absent.
- 18 The number of students retained in grade 9.
- 19 The number of students who dropped out of school.
- 20 The number of students suspended out-of-school during the school year.
- 21 The number of students expelled during the school year.
- 22 The number of out-of-school expulsions and suspensions made for offenses that involved drugs, weapons, or alcohol.
