

Break-in at Payne's Pharmacy

Comet staff report

Police are questioning a suspect in connection with a burglary Friday morning at Payne's Pharmacy in Flora. The break-in was reported Friday morning at 8:12 a.m. by a neighboring business

owner. According to Chief Paul Redmon, entry was gained sometime during the night through a door on the south side of the building (Columbia Street). Redmon said at first nothing appeared out of place and no money was taken, but

when owner Barb Payne did a walk-through she discovered several narcotics missing. "They knew what they were looking for," said owner Jim Payne. "They took all controlled substances." Jim Payne said that in the

38 years he has owned the pharmacy, it has been broken into three times. The culprit was caught in the act during the last attempted burglary. Police are continuing their investigation.

'T' intersection restricted for construction

Comet staff report

The Indiana Department of Transportation (INDOT) is working on an intersection improvement project around the "T" intersection of U.S.

421/State Road 39 and State Road 18/U.S. 421/SR 39 in Carroll County. Traffic is being restricted to one lane as directed by flag persons around a moving operation through Friday.

This will allow the final layer of asphalt and pavement markings to be applied for an improvement project that began last June. The project converted the triangle intersection with merge lanes into

a "T" intersection with a three-way stop. The work schedule is subject to change in the event of inclement weather.
