EH Sewing Day set

Extension Homemakers' Sewing Day will be Nov. 10 from 9 a.m. to 3 p.m. at the 4-H Building. Other community members are invited.

Sewing day projects will include: 350 gift bags for the Toy Store, tied fleece pillows for teenagers for the Toy Store, and tote bags for Riley/Ronald McDonald House to be used with elementary school and teenage youth.

Everyone is invited, even if they don't sew. Volunteers are needed to cut, iron, thread ribbon through the bags and cook. Soup and drinks will be provided for lunch.

Donations needed for the projects include: Christmas material and matching ribbon (1/2" wide) to make Christmas bags for the Toy Store, fleece material (print that would appeal to teenagers) and new 14"-16"

pillow forms, and medium weight fabric for tote bags for Riley/Ronald McDonald House.

For more information, contact the Extension Office at 765-564-3169.

Replogle, Mayfield wed

Julie Replogle and Joey Mayfield, both of Delphi, exchanged vows May 17 at 3:30 p.m. at Living Faith Church of the Brethren in Flora.

She is the daughter of Rodger and Jane Replogle and he is the son of Joe and Barb Mayfield, all of Delphi.

Pastor Jeff Tomson officiated. Piano and organ music was provided by Joe Spence of Flora. Special music was provided by the bride's grandmother, Carol Replogle of Delphi.

Matron of honor was Maggie Brown of Newburgh. Bridesmaids were Jenny Swadley, sister of the groom, and Jessica LePage, both of Indianapolis, Courtney Shuman of Seattle, Wash., and Hilary Dale of Delphi.

Flower girl was Karissa Tomson of Camden. Best man was Keith Mears of Delphi. Groomsmen were Chris Mayfield, brother of the groom, Ryan Replogle, brother of the bride, both of Delphi, Chris Smith of Indianapolis, and Zach Bagley of Davis, Calif.

Ushers were Michael Toole of Greenwood, Cory Norman

of Delphi, and Daryl Sielaff of Elgin, Ill.

Guest registrar was Amy Turner of Lexington, Ky.

The reception was held at the Wabash & Erie Canal Interpretive Center in Delphi. Servers were Sue Brown of Delphi, Heather Brown of Brookston, Mary Sue Schwartz of Lafayette, and Anna Schwartz of Indianapolis.

The bride is a 2003 graduate of Delphi Community High School and a 2007 graduate of Purdue University with a Bachelor of Arts degree in elementary education. She is employed as a fifth grade teacher at Grimmer Middle School in Schererville.

The groom is a 2004 graduate of Delphi Community High School and a 2007 graduate of Purdue University with a Bachelor of Science degree in management. He is employed as a supply chain analyst at Arcelor Mittal in East Chicago.

The couple visited Cancun, Mexico, for one week. They reside at 9272 Hayes St., Apt. #205, Merrillville, IN 46410.

Maxwells celebrate 40th

Mr. and Mrs. Ralph Maxwell of Bringhurst celebrated their 40th wedding anniversary with a surprise family gathering for lunch on Nov. 2. Also celebrated at this time was Ralph's 65th birthday.

He and the former Carol Cleaver were married Nov. 10, 1968, at Pymont United

Methodist Church.

He works in maintenance at Sam's Wholesale Club in Kokomo, and she works as a cook and cashier at Carroll Junior-Senior High School.

They have two daughters, Michelle Dillman of Flora and Janelle Pullen (husband: Darren) of Bringhurst. The couple has one grandchild.

SR 18 lanes restricted for resurface construction

Comet staff report

The Indiana Department of Transportation (INDOT) announces State Road 18 between State Road 43 in White County and U.S. 421/State Road 39 in Carroll County is restricted to one lane as directed by flag persons through Saturday. This is allowing crews to perform resurface construction on the roadway. Work began Monday.

The work schedule is subject to change in the event of inclement weather. INDOT reminds motorists to use caution and consider worker safety when driving through a highway construction zone.

APC certifies plan

By Theresa Replogle
 Contributing writer

After a public hearing during which no citizens commented, the area plan commission voted to certify the Carroll County Comprehensive Plan at a meeting Oct. 28. The plan will now go out to each city or town to be certified before it will be presented to the county commissioners.

Steering committee member Miriam Robeson said she believed no one came to question the plan as there was plenty of opportunity for the public to contribute during the writing phase.

"We feel very comfortable with the public comment that we received," Robeson said. "I guess the turnout tonight is evidence that we did our job."

Clean Water Indiana assists Camp Tecumseh

Comet staff report

YMCA Camp Tecumseh entered into a unique partnership with the Carroll County Soil & Water Conservation District (SWCD), Tippecanoe Nature Conservancy (TNC), and the Indiana State Department of Agriculture to address storm water runoff that was threatening the camp lake.

The seven-acre lake is a vital resource for the camp activities and was threatened with filling with silt from the 500-acre watershed that is predominately cropland. While most of the cropland in the watershed is no till, the sheer size of the watershed still provided some sediment transport to the lake.

After reviewing several alternatives with technical assistance from the Natural Resources Conservation Service (NRCS) and the TNC, it was determined that a water control structure was needed that would be installed above the lake to slow storm water runoff. This would allow sediment to be deposited above the structure and prevent it from entering the lake.

While NRCS and the TNC provided the technical assistance, Clean Water Indiana (CWI) funds, administered by the State Soil Conservation Board through the Carroll County SWCD, provided cost

share of \$5,000 to address this erosion issue with a non-traditional land operator.

Clean Water Indiana grants provide financial assistance to SWCDs to implement conservation practices to reduce non-point sources of water pollution through education, technical assistance, training, and cost share programs. This grant was through the Sediment and Nutrient Reduction portion of CWI grants and is aimed at the adoption of sediment and nutrient reduction practices in our county.

The project is completed and will now provide for long term preservation of the lake and camp water activities.

Channel 2
